To Whom it May Concern

**Re: Letter of Reference**

I am pleased to offer this letter of reference for Marc Masotti and Masotti Construction. I have worked on many design/build projects with Marc Masotti throughout the years. These projects include; Remington Gardens, Devon Place Executive Townhouses, Daytona Gardens, the Neufeld Residence, and many other projects. In addition to this, Marc and his team at Masotti Construction have assisted in the construction of my personal residence as well as completing several interior renovations throughout the years.

Marc's management and on-site personnel work with extraordinary commitment to a team approach, addressing any anticipated construction issues immediately and proactively. Marc is always willing to listen to client needs, working cooperatively to solve potential concerns well before they could otherwise become problems. It has been refreshing to work with a company that understands and is dedicated to the team approach and assists the architect and their consultants in making the construction process efficient and economical, and takes special care to ensure that the finished building meets or exceeds all of their respective expectations.

Marc's commitment and dependability make it easy for me to choose Masotti Construction as our preferred contractor and I would not hesitate to recommend Marc and his team at Masotti Construction to any prospective clients.

Sincerely,
